1 – INTRODUCTION

The e-Gov application is the external subsystem of online applications to request services from the Office of Foreign Missions. It is used by the Missions and Consulates to apply for accreditations, Diplomatic Motor Vehicle services, Tax exemption cards for personal taxes, utility taxes and gasoline taxes; and for Travel Services. The e-Gov program enables the Foreign Diplomatic and Consular community to apply for OFM, Office of Protocol, Tax, Customs and Travel services via the Internet.

Since its implementation this internet based application has allowed for electronic filing of previously time consuming and intensive paperwork submission of requests for services. The benefits associated with e-Gov include the reduced turn-around processing time on applications for DMV, Protocol, Tax, Customs, and Travel services. In addition, users can now review the online status of submitted applications.

The e-Gov application has helped to improve the accuracy of requests as system edits can detect and flag many common data entry problems.

1.1 – Authorization

The Bureau of Diplomatic Security, Office of Foreign Missions (DS/OFM) has developed and deployed an e-Government (e-Gov) solution that addresses the paper-oriented business model currently in place at OFM. The e-Gov solution will streamline operations and reduce operational costs.

1.2 – Background

The Office of Foreign Missions Information System (TOMIS) is an integrated, custom application system designed to support OFM and S/CPR activities for a client base consisting of 100,000 diplomatic staff, support personnel and their dependents from more than 150 accredited nations. The OFM user community includes OFM offices in Washington, DC, Chicago, Houston, Los Angeles, Miami, New York, and San Francisco, as well as affiliated organizations including the U.S. Mission to the United Nations Office of Host Country Affairs (USUN/HC), OFM's Interagency Liaison Group (ILG), the Secret Service, and Diplomatic Security.

Currently, five integrated subsystems support the missions of the offices:

1. Customs
2. Diplomatic Motor Vehicles (DMV)
3. Tax
4. Protocol (Accreditation)
5. Travel

2 – SYSTEM REQUIREMENTS

The e-Gov program is accessible via the Internet and will support standard web browsers, such as Microsoft Internet Explorer version 5.0 and above, or equivalent, which support the following features:

- ✓ JavaScript 1.5
- ✓ Cascading Style Sheets CSS1 or CSS2 standards
- ✓ XHTML 1.0
- ✓ HTML 4
- ✓ Graphics
- ✓ Adobe Acrobat 5.0

Your browser **MUST** accept cookies in order for this application to display and run properly. This is the default behavior for all browsers.

3 – OVERVIEW

Key to Symbols in This User Guide

	Indicates a command executed via the keyboard.
	Indicates a command executed by clicking the left or right button of the mouse.

3.1 Environment

The e-Gov program is a web-based application. You may initiate actions throughout the e-Gov Program using either the mouse or the keyboard. To use the mouse, position your cursor and click the left or right mouse button. Keyboard control is also available by using a combination of command keys on the keyboard.

This architecture allows the entry of data by positioning the cursor using the mouse, or by using the [TAB] key on the keyboard. Only columns in which data can be entered are activated for input. Fields marked in gray are **display-only**. NOTE: *Fields marked with an asterisk are **mandatory**.* If data is not entered for mandatory fields the system will provide a message stating that the data for the field is required (*see Figure 3.1-1*).

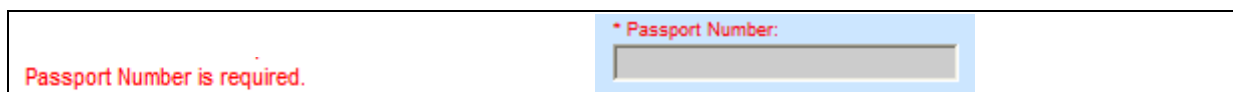

Figure 3.1-1 – Mandatory Field Identified

Data entry is made easy by using displays (field names) on the **active** window (the **active** window is the window currently responding to keyboard or mouse commands, although other windows may also be "open"). The displays in the active window allow you to see information pertinent to the field being entered, and allow you to see your data as you enter it. Enter data by highlighting or selecting the section you wish to edit, then typing in the data. In certain fields, you will be able to select an answer from a drop-down list of choices. Selections are made by using the mouse to  [CLICK] on list items selection box, or by navigating through the list using the [ARROW KEYS] and [ENTER] on the keyboard . You can navigate through the menu bar by using the mouse to  [CLICK] on the menu option, or by using the [ARROW KEYS] and [ENTER] on the keyboard . Certain menu items also have keyboard shortcuts that are available. See Section 4.2, *Window Symbol Definitions*, for more detailed instructions on the various types of data entry fields.

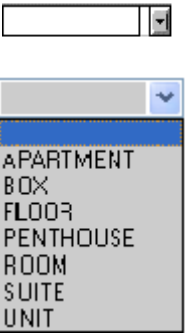

For additional help navigating this windows-based system, refer to Microsoft Windows Help™, available from the Start button in Microsoft's Windows operating systems.

3.2 Window Symbol Definitions

While using the e-Gov program, you will encounter symbols that are designed to ease the data entry process. Familiarity with these symbols will help you use the e-Gov program in the most efficient manner possible. The following table provides definitions for the symbols.

Table 3.2-1 Windows Symbol Definitions

Window Symbol	Definition	Navigation
	<p>The EDIT or TEXT BOX symbol represents a field requiring data entry.</p>	<p>☞ [CLICK] in the box to begin entering information.</p> <p>☞ Use [TAB] to move from one edit box to the next edit box.</p>

4 – GETTING STARTED

4.1 – e-Gov On-Line Application

Activate the e-Gov program from the U. S. Department of State's Office of Foreign Missions Website (<http://www.state.gov/ofm/index.htm>) by clicking on the On-Line Application link (see *Figure 4.1-1*):

The screenshot shows the official website of the U.S. Department of State, Office of Foreign Missions (OFM). The header includes the Department of State logo and navigation links for Secretary Clinton, Media Center, Travel, Careers, Business, and Youth & Education. A secondary navigation bar lists various policy areas like About State, Policy Issues, Countries & Regions, etc. The main content area is titled 'Office of Foreign Missions' and features the OFM logo, a mission statement, and a list of four missions. A red arrow points to the 'On-Line Application' link in the left sidebar. The right sidebar contains a search bar, browse options, quick links, country profiles, and a highlights section with recent notices. At the bottom, there are social media links and a subscribe to updates button.

OFFICE OF FOREIGN MISSIONS
U.S. DEPARTMENT OF STATE

Mandated by Congress through the Foreign Missions Act (22 U.S.C. 4301-4316) of 1982, the Office of Foreign Missions (OFM) provides the legal foundation to facilitate secure and efficient operations of U.S. missions abroad, and of foreign missions and international organizations in the United States. In doing so, OFM serves the interests of the American public, the American diplomatic community abroad, and the foreign diplomatic community residing in the United States ensuring that all diplomatic benefits, privileges, and immunities are properly exercised in accordance with federal and international laws. As part of the Bureau of Diplomatic Security, OFM works closely with the Bureau's Protective Liaison Division as well as the Uniformed Division of the U.S. Secret Service to ensure the safety and security of the foreign missions and their personnel.

The Office of Foreign Missions has four missions:

- Ensure equitable treatment for United States diplomatic and consular missions abroad and their personnel through reciprocity
- Regulate the activities of foreign missions in the United States in a manner that will protect the foreign policy and national security interests of the United States
- Ensure compliance of diplomatic privileges and immunities for foreign diplomats and officials residing in the United States to enhance U.S. security
- Provide the appropriate privileges, benefits, and services on a reciprocal basis to the foreign mission community in the U.S.

OFM establishes and maintains relationships with U.S. law enforcement and security communities at the national, state, and local levels to educate about diplomatic privilege and immunity issues. OFM personnel conduct outreach and training seminars with these constituencies in conjunction with representatives from other Diplomatic Security offices, the Bureau of Consular Affairs, and the Office of Protocol.

As an advocate for reciprocal agreements, OFM presses for fair treatment of U.S. personnel abroad while assuring foreign diplomats based in the United States receive the same treatment that each respective government provides in return. Additionally, OFM assists foreign missions in dealing with local government offices in the United States.

Finally, OFM provides a range of services to the foreign diplomatic community, including the issuance of vehicle titles, registrations, driver's licenses, and license plates; processing tax exemption and duty-free customs requests; and facilitating property acquisitions within local zoning law restrictions. By assisting, advising, and regulating services for foreign diplomats, their dependents, and their staffs while residing in the United States, OFM promotes and strengthens the relationship between governments.

6.3 – Enter Mandatory Data

You must enter all mandatory data as requested and prompted on the screen. You will have to enter information about the principal traveler including Last Name, First Name, Title, Visa Foil Number, and Date of Birth.

The system will allow you to answer ‘Yes’ to either Chief of State/Head of Government or Foreign Minister. Answering ‘Yes’ to one will default ‘No’ to the other.

The system will allow you to answer ‘Yes’ to either Request entire visit security or Request Courtesies of Port security only. Answering ‘Yes’ to one will default No to the other. However, you will be able to answer ‘No’ to both.

You will also enter First Port of Entry into the United States along with Arrival Flight Information which includes identifying Flight Type as Commercial Air Carrier or Special (Private) Flight.

If Commercial Air Carrier is selected as the Flight Type, the user will be prompted to enter Flight Carrier Name and Flight Number. If Special (Private) Flight is selected, the user will be prompted to enter Aircraft make, Aircraft Model, Tail Number, and Call Sign.

All of the aforementioned fields are mandatory and valid data must be entered in all fields, else the system will give an error denoted in **red**.

If you denote ‘Yes’ to Continue to DC, the system will prompt you to enter Continue to DC Flight Information. If Commercial Air Carrier is selected as the Flight Type, you will be prompted to enter Flight Carrier Name and Flight Number. If Special (Private) Flight is selected, the user will be prompted to enter Aircraft make, Aircraft Model, Tail Number, and Call Sign.

All of the aforementioned fields are mandatory and valid data must be entered in all fields, else the system will give an error denoted in **red**.
